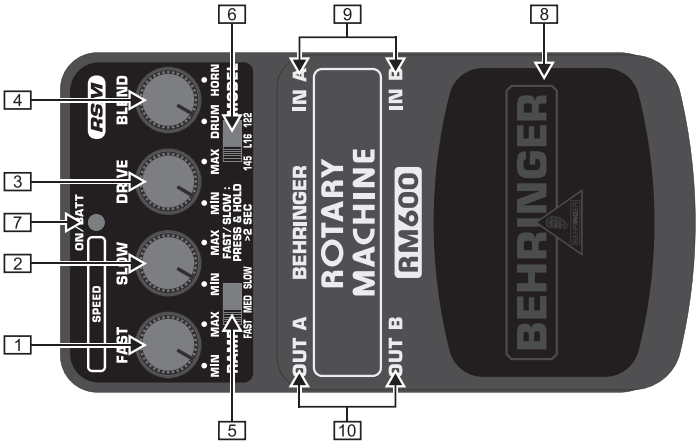
Thank you for showing your confidence in us by purchasing the BEHRINGER ROTARY MACHINE RM600. This ultimate effects pedal delivers the whole history of 3-dimensional rotary speaker effects—at the touch of a footswitch. Experience the classic and swirling sounds of famous signature rotary speakers in one compact pedal.

1. CONTROLS



Top view

1 The *FAST* control adjusts the rotating speed of the drum and the horn when FAST is activated via footswitch (see 8). The range does not overlap with the SLOW control.

2 The *SLOW* control adjusts the rotating speed of the drum and the horn when SLOW is activated via footswitch (see 8). The range does not overlap with the FAST control.

3 The *DRIVE* control adjusts the amount of tube-like overdrive. In minimum position the tube stage will be bypassed

4 The *BLEND* control adjusts the balance between the horn and the drum speaker. Turning it to the right will boost the volume of the horn and lower the volume of the drum.

5 The *RAMP* switch controls the time it takes to go from fast to slow rotary speed and vice versa. You can select between FAST, MED and SLOW ramp time.

6 The *MODEL* switch selects between 3 famous signature rotary speakers (145, L16 and 122).

7 The two color *ON/BATT* LED illuminates when active. The modulation is in slow mode when the LED lights more red than blue, and it is in fast mode when the LED lights more blue than red. The change from blue to red is synchronized with the actual modulation speed.

8 Press the footswitch to activate/deactivate the effect. Hold the pedal depressed for 2 seconds in order to switch between fast and slow modulation modes.

9 Use the 1/4" TS *IN A* and *IN B* connectors to plug in the instrument cables. For mono use plug in IN A only.

10 The two 1/4" TS *OUT A* and *OUT B* connectors send the signal to your amp. Use both connectors if you want to achieve full stereo rotary effect. For mono use plug in OUT A only.

Use the *DC IN* connection to plug in a 9 V power supply (not included).

The *BATTERY COMPARTMENT* is located underneath the pedal cover. To install or replace the 9 V battery (not included), press the hinges with a ballpoint pen and remove the pedal cover. Be careful not to scratch the unit.

☞ **The RM600 has no on/off switch. As soon as you insert a plug into one of the IN connectors, the RM600 begins running. When not using the RM600, remove the plugs from the IN connectors. This extends the life of the battery.**

The *SERIAL NUMBER* is located on the underside.

☞ **In rare cases interferences of the normal function may appear by external influence (e.g. electrostatic discharge), as for example sound disturbances or malfunctions. If this occurs, please turn down the volume on subsequent amplifiers and disconnect the input connector briefly to restart the application.**

2. WARRANTY

For our current warranty terms, please refer to our website at http://www.behringer.com.

3. SPECIFICATIONS

IN A	Connector: 1/4" TS	Impedance: 500 kΩ
IN B	Connector: 1/4" TS	Impedance: 500 kΩ
OUT A	Connector: 1/4" TS	Impedance: 1 kΩ
OUT B	Connector: 1/4" TS	Impedance: 1 kΩ
Power supply	9 V⎓, 100 mA regulated	
	BEHRINGER PSU-SB	
	USA/Canada	120 V~, 60 Hz
	Europe/U.K./Australia	230 V~, 50 Hz
	China	220 V~, 50 Hz
	Korea	220 V~, 60 Hz
	Japan	100 V~, 50/60 Hz
Power connector	2 mm DC jack, negative center	
Battery	9 V type 6LR61	
Power consumption	60 mA	
Dimensions (H x W x D)	approx. 54 mm (2 1/8") x 70 mm (2 3/4") x 123 mm (4 4/5")	
Weight	approx. 0.33 kg (0.73 lbs)	

BEHRINGER is constantly striving to maintain the highest professional standards. As a result of these efforts, modifications may be made from time to time to existing products without prior notice. Specifications and appearance may therefore differ from those listed or shown.

4. SAFETY INSTRUCTIONS

Do not use near water, or install near heat sources. Use only authorized attachments/accessories. Do not service product yourself. Contact our qualified servicing personnel for servicing or repairs, **especially when power supply cord or plug is damaged.**

No utilizar cerca de agua o instalar cerca de fuentes de calor. Utilice sólo accesorios y aditamentos autorizados. No intenté reparar el producto usted mismo. Contacte a nuestro personal técnico cualificado para servicio y reparaciones, **especialmente cuando la fuente o el cable de alimentación estén dañados.**

Не эксплуатируйте прибор вблизи от источников воды и тепла. Применяйте только авторизованные дополнительные устройства. Никогда не ремонтируйте прибор самостоятельно. Ремонт может производить только квалифицированный специализированный персонал, **особенно при повреждениях сетевого провода или сетевой вилки.**

水分の近くや、ヒーターなど熱気のある場所では使用しないでください。正式に認可された付属品のみを使用してください。製品はご自分では決して修理せず、特に電源コードもしくはプラグが損傷した場合には、必ず製品サービスおよびリペアの資格を有した当社の担当員にご相談ください。

不要在靠近水源的地方使用，或在靠近热源的地方安装。只使用经过许可的附件 / 配件。不要自己进行产品维修，**尤其是当电源线或插座损坏的时候**，请联系我们的专业服务人员有关产品维修事宜。

ROTARY MACHINE RM600

complies with the FCC rules as mentioned in the following paragraph:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Important information:

Changes or modifications to the equipment not expressly approved by MUSIC Group can void the user's authority to use the equipment.
